

## ***MMA 630 / MMA1000***

The **Weldmart MMA 630 / MMA 1000** are heavy-duty multi-head MMA welding machines designed for high-performance industrial applications. Featuring an integrated multi-head system with independent control, these machines allow multiple welding operations to run simultaneously without interference. Built with “three-proof” key components, they offer excellent reliability in harsh working environments, while supporting long welding cable distances of up to 100 meters. Robust, efficient, and easy to operate, they are ideal for workshops, fabrication yards, and demanding site conditions.

### **Features :-**

- Multi- head integrated machine, easy to move and operate;
- Can be controlled independently without affecting each other;
- Welding cable length up to 100 meters;
- The key components in the welding machine adopt the “three-proof “ design, which can better adapt to harsh conditions.
