# About Us

Established in 2019, Proweld Training Centre Sdn. Bhd. is committed to developing skilled, industry-ready talent in welding and technical fields. Through strategic collaborations with leading industrial associations in Perak such as PFEIA and PCCCCI, as well as various industry partners, Proweld ensures its training remains relevant to current industry needs.

Equipped with modern facilities, including welding simulators, the centre provides a practical and hands-on learning experience for trainees. Proweld is also accredited by recognized bodies such as Jabatan Pembangunan Kemahiran Malaysia (JPK), HRD Corp, and CIDB Malaysia, reflecting its high training standards.

Supported by experienced and certified trainers, Proweld continues to play a vital role in empowering individuals and supporting industry growth through quality training and skills development.

Proweld Training Centre Sdn. Bhd.

# Vision & Mission

## → Vision

We will be one of the leading companies in the country to provide the maintenance services, and the best and most reliable consultation for Welding, teaching and maintenance programmes for economics development in Malaysia and beyond.

## → Mission

PROWELD's mission is to create opportunities and enrich people's lives through excellence training programs. Proweld plays a critical leadership role for clients and the government sector by promoting and supplying quality products and complete reliability with the best service in Malaysia.
